NEW
WILLIAMS NURSERY

Minn. 1166 EVERBEARING

HELLO FOLKS! Oak Hill Nursery has always tried to be the Leader in new varieties. Anything new we try it. This has been our greatest pleasure. We grow and list only the best. It's got to be good for truck growing, resort trade and Catalog Customers.

You have tried the rest now try the best. When the Minn. 1166 Everbearing starts to fruit in July, 1946, you will have a variety that will truly arouse the envy of your friends. This new Minn. 1166 has outyielded both Mastodon and Gem. A record patch of 5,000 plants set in the spring, made over \$2,400.00. There is money in Everbearing Strawberries when one can take a single Acre and make over \$2,000. We did it and so can you. A U. S. Record. Set and harvest all in 129 Days. Just stop and think. A quick cash crop this summer in less time than you could grow vegetables. A Golden Harvest with an enormous crop of gigantic Strawberries. Summertime's most delicious fruit. After August there is no other berries but the Everbearing Strawberry. The later the season the heavier they bear. Also called the Evermore Everbearing.

Light frost will not hurt them. Every garden should have a strawberry bed and pick big luscious berries. After the plants are set, keep off the buds until July. Let only 4 to 6 new plants set to the foot. Clip off the rest. Get more and larger berries. Strawberries solid dark red. No green tips. Ripens evenly. Easy to hull. Giant size at all times of the season. These sparkling jewels have a flavor excitingly rich and tempting. Honey-sweet when dead ripe. You could not ask for more. A double duty Strawberry. Two full crops of Strawberries this year and a full crop in June 1947. Remember the EARLY BIRD. Plants are SCARCE. Plants will be tied with BLUE string.

NEW STREAMLINER

This new STREAMLINER is the World's Largest Strawberry. Spring or Fall, best of all. It has created a sensation wherever grown last year. The Sweetest, Most Delicious of all the Everbearings. We think it is the World's finest. We have always dreamed of an ideal Everbearing that would be larger than the Mastodon and sweeter than the old Champion. Now we got it. Why wait a whole year for Strawberries when you can have fresh fruit from July until Winter 60 days after planting. The new Streamliner has the size. Nature at its very best. These huge berries are round as a ball. Berries weighing as much as $\frac{3}{4}$ ounce. Double red right to the core. Almost black when dead ripe. Has a new tangy sweetness that requires less sugar. Ripens evenly all over. No green tips or spots. Berries color up more brilliantly in late fall. Frost proof. No more crop failures when you have the Streamliner. Vines simply loaded with a Super-Strain Strawberry. Foliage dark green which looks entirely different from other varieties. Truly a Magic Everbearing. You will be proud of the Streamliner. A Double Header. Big crop of Jumbo size berries this year and a normal yield again in 1947. Be wise and get all the profit. Be the first in your locality to grow the Streamliner. Be smart to have the best. It's a dandy to be sure. We were the introducer of the Streamliner in 1942 from a chance seedling found in 1936 in Oregon. Prices reasonable, so order your share of plants early and have a superior strain. Tied with Green String.

New Buffalo, Michigan

Giant Mastodon EVERBEARING

EVERBEARINGS are our Specialty as a real money maker. No practical grower can afford to overlook this nationally known Mastodon Everbearing. Profitable crops that you can depend on every year. Mastodon will put more money in your pockets than 25 acres of ordinary farming. A real opportunity for any grower that wants a daily income. Get the quickest profits from the least amount of ground.

Fruit of the finest flavor, extremely large. The huge size of the berries is truly marvelous. Just like little apples.

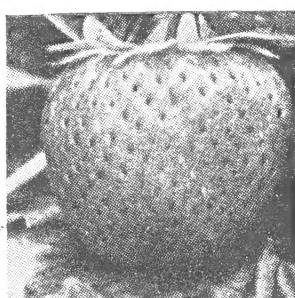

Mastodon has a record of 5,520 quarts per acre. Sure an ideal berry. Easy to sell from its appearance alone. A fancy berry in the truest sense of the word. Perfect fruit this summer and Fall.

For a quick money crop, plant the Mastodon this spring, just as early as your ground can be worked. Earlier the better. After plants are set out keep off blossoms until July 1st. Then from July 15th you can pick great masses of ripe delicious Strawberries every day till snow flies.

Our hardy northern grown plants are the best for all climates. Grown in the great fruit belt. MICHIGAN air conditioned by nature. Cooled by 4 great lakes and 5,000 inland lakes. We can assure you the finest plants grown. Fresh dug, no storage stock. Hand cleaned and tied with RED string. Plant Mastodon and save a year. SO ORDER EARLY.

6 Plants 35c; 12-60c; 25-\$1.00 Postpaid

New Gem EVERBEARING

For 12 years the Famous Gem Everbearing has made a fine record. Frost Proof. If they freeze, they come right back again. A real moneymaker and a favorite Everbearing for commercial growers. Big profits from Gem. Two crops a year. Pick all summer and fall until snow flies. Ninety days from plants to profits. Three weeks from blossoms to berries. Fruits over 130 days. Why wait a whole year, when Gem will bear luscious fresh Strawberries for home or market this year? Truly a profitable investment. Gem is so easy to grow! Thrives in any soil, any place. Makes plants freely. The berries are large, smooth, firm and ripen a very sparkling scarlet-red all over. Produces enormous sweet and tasty berries that will just melt in your mouth. We list six varieties of Everbearing, each one possessing a supernatural power of its own. Each one is different. Don't be late. Plants Terribly scarce. Order your share Gem, BLACK String.

LATHAM

The World's Greatest Red Raspberry and one of the largest.

LATHAM is more universally grown than all other red varieties combined. The reason is simple. The hardiest, the largest and best, out-yielding all others. Deliciously rich in flavor.

Berries deep blood red. Bushes loaded to the ground with great crops, borne in clusters the entire length. Standard on all markets. Considered the world's finest midseason to late red raspberry. Continues to bear heavy and unbelievably long time. Almost everbearing. Hardy even to the Canadian border.

An ideal berry to grow. Trim back ends of canes one-third, early each spring for better success. Set plants 3 x 6 feet.

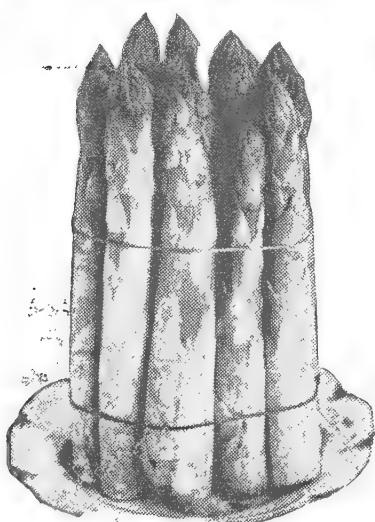

Patch will last for several years. Cash in on more sales. For quick returns pick fruit the first year in about 90 days. Select strain of certified plants that were state inspected six times. They were planted two years ago. SO WHY PAY MORE? You save a year with our BEARING AGE plants. Our ONE-FOURTH ACRE SPECIAL—600 Plants only \$43.00, by express.

FAMOUS FOR STRAWBERRIES SINCE 1917

Growing EVERBEARING STRAWBERRIES is our specialty. Prices always very reasonable, SO WHY PAY MORE? No fancy colored catalog or big advertising. Our stock and customers are our best advertisement. Our best bet is our Super-Strain Everbearing as they tell their own story at fruiting time six weeks after plants are set out. Fresh strawberries daily for about 150 days. What more could any customer want from plants set in the same year. A few records in our 29 years of strawberry growing: Over \$2,000 from one acre . . . picked 151 quarts from 280 plants . . . in 129 days 352 16-quart cases from acre . . . 43 ripe strawberries from one plant . . . five berries weighing over 4 ounces . . . eight-acre record \$12,435.60, average \$1,554.45 per acre . . . \$60 to \$125 per 1,000 plants set . . . 18 berries one quart.

Nursery stock is perishable, so no C. O. D. orders this year. Only one price to pay as WE PAY THE POSTAGE. EXPRESS COLLECT. SOME ORDERS MUST GO EXPRESS. Upon delivery of goods to Postoffice or Express office our responsibility ceases. We have no control of shipment after it leaves our hands. If any replacements are made they shall be at one-half list price. All plants are Guaranteed to be in live and perfect growing condition when they leave our hands. All orders are subject to loss of stock or crop and unavoidable causes. We will in no case be liable for any greater sum than the amount paid us for any order sent us. All stock is guaranteed to be certified by our state.

NEW SUPER GIANT 9-EAR CORN

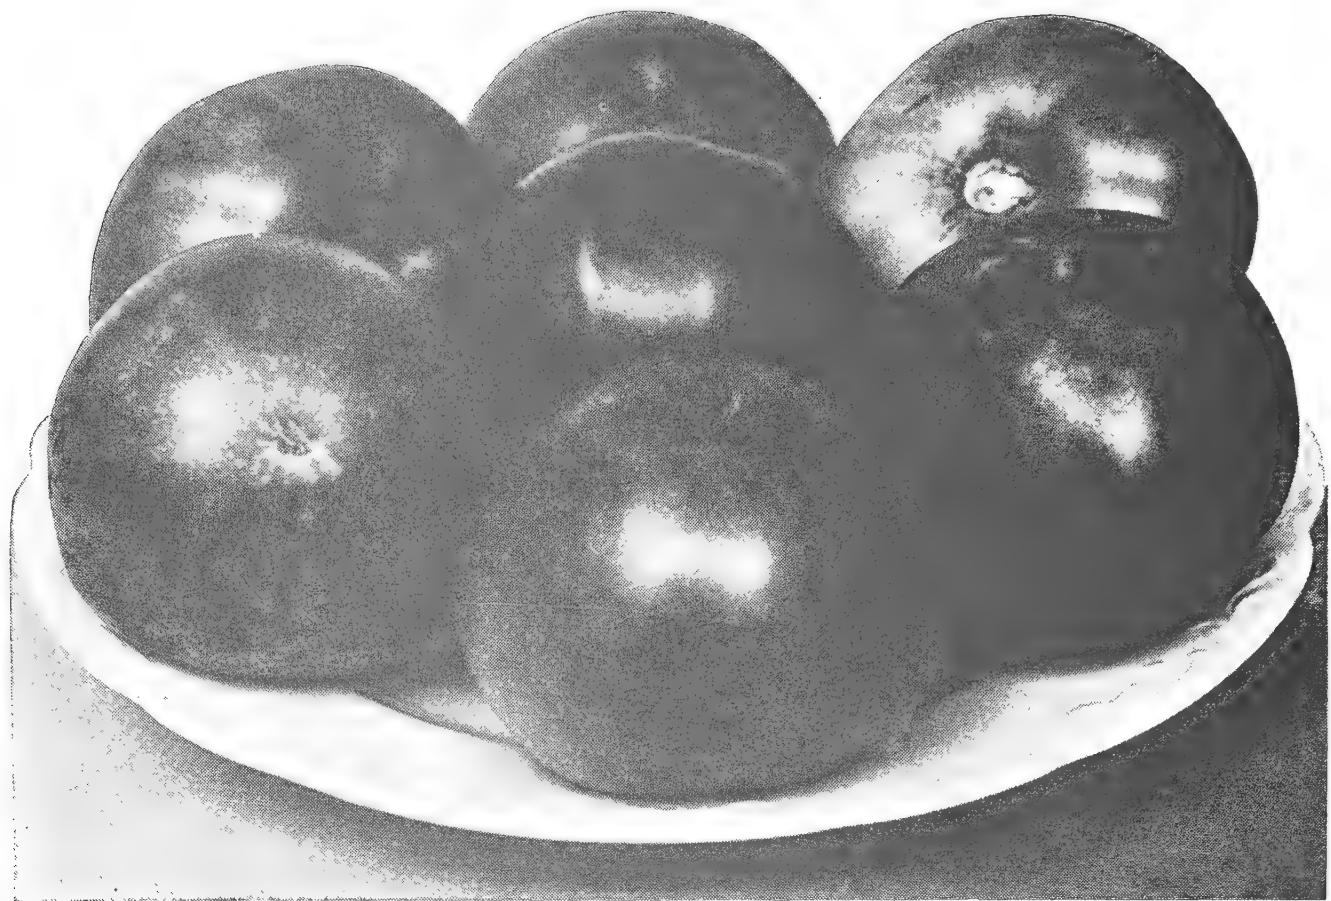

This is a new 100-day White Flint Field Corn that is rare and grows to a giant height. A better sight cannot be imagined than walking with your friends through a forest of corn stalks 15 to 20 feet high. Some of the ears were 10 feet from the ground. Had to use a ladder to get them. World's tallest Corn. You must grow this giant Corn to believe it. It is unusual to see three ears to a stalk on common corn. But four, five, six, seven, eight and nine ears to a single stalk is a miracle.

One of the greatest Silo or Ensilage corns in the World. Leaves broad, long and wide. Leafy clear to the ground. Five times more fodder than ordinary corn.

Also a splendid exhibition variety. Be the first to grow it. Plant one kernel in a hill. Order early.

NEW BURBANK TOMATO

THE BURBANK is one of LUTHER BURBANK'S marvelous new creations. For over fifteen years it has been by far our earliest and best Tomato. Others seem to come and go. Tomatoes top the list as No. 1 U. S. vegetable. Tomatoes help to maintain national health. Just think of it! Burbank seeds planted in open ground will bear fruit earlier than plants from a hotbed. Fruit ripens a week to ten days earlier than any other extra early Tomato known. Ripens up perfectly without crack, spot or blemish. Color bright red and smooth. A continuous bearer throughout the season. A firm, large Tomato of superior quality. Fruit has no open cavities. Slice solid as a beefsteak. Plants resist wilt and other Tomato diseases. Unlike other Tomatoes, the skin peels freely from the rich, firm flesh. If you want a real early Tomato, do not fail to plant this wonderful Burbank Tomato. WORLD'S EARLIEST. Packet about 500 seeds.

PERENNIAL ONION

A real hardy bunching onion. Never winterkills. A permanent crop, yielding from year to year. You plant only once. Not only saves you the cost of Onion sets and time but you will have bunching onions six weeks before onions raised from sets. You can pull this new Prosperity Onion four seasons of the year. Forms no bulbs. Stalks grow $\frac{1}{2}$ to $\frac{3}{4}$ inch thick and 4 to 6 inches long. Pure white, tender and sweet. No skin to peel. Just pull, wash and tie up. Be sure that you start a patch this year from our seed. Sow in rows 2 feet apart and you will have the finest bunching onion in only 60 days and then on for years if you pull all but one every 4 inches.
